Safety instructions

- Read these instructions for use carefully.
- All components should be checked for damage and a secure fit prior to use.
- Approved for indoor use only.
- Clothing or body parts can be pinched when sitting down, standing up, inserting the toilet bucket, as well as when raising the armrests and locking them into place.
- If you need to move over thresholds, do so slowly and carefully, otherwise the wheels can become damaged!
- When using a wheeled commode, always use the parking brakes.
- During transfer into/out of the wheeled commode, the footrests must be swiveled out of the way.
- Never use the footrests as assistance when getting up - risk of tipping!
- Prevent unauthorized use, for example, by children.
- Take note of the permitted maximum weight of the user.

- This information can be found in the technical data in these instructions for use as well as on the identification plate.

Assembly

Step 1

Attach armrests to the frame, by depressing push buttons and sliding the armrest pipes into the tubes located on each side of the seat.

**Step 2**

Attach the legs to the frame by depressing push buttons into the tubes located on each side of the legs.

Make sure that push button “snap” correctly through holes and are stable and adjusted the same way
