## PRECAUTIONARY INSTRUCTIONS

1. Carry out periodic maintenance on the table. Make sure all screws are secure and the cable is not deteriorated or frayed. Make sure there are no cracks in the aluminum structure.
2. Do not overload the table beyond the recommended weight limit. Doing so could result in serious injury to the user. Maximum working load of 180 kgs.
3. Do not use alcohol-based cleaners when cleaning the vinyl. They could cause damage to the vinyl material. Use warm soapy water to clean, then wipe dry.
4. When using the table, make sure that all four legs are at the same level. Using the legs at different levels can cause the table to be unstable and could lead to injury.
5. Do not allow children to assemble or disassemble the massage table, unless under your supervision.
6. Be careful when using sharp objects, as they can pierce the covering. Keep the table's covering away from sharp items.
