HUMAN SKULL, 3 PARTS
(NUMBERED)

ALTAY[®]
S C I E N T I F I C

With Altay's models you can observe the smallest detail of the human anatomy. Our detailed and realistic reproduction of the human organs and systems will be the key tool for your biology classes. Our cooperation with prestigious International Institutions and the use of real specimens allows us to design and develop accurate and realistic models.

All aspects of the human anatomy will be easier to understand and will fulfill perfectly all your teaching and learning needs from primary education to university level. Altay Biology models are made of durable polyvinyl resin and hand painted by skilled craftsman with non-toxic paint. This ensures durability, enviromental friendliness as well as a natural look.
