## Description

### OMRON MICROAIR U100 MESH NEBULIZER - NE-U100-E

MicroAIR U100 is a small, portable mesh nebulizer that helps to efficiently treat many respiratory conditions of the lower airways, from a simple cough to asthma.

- portable, pocket-sized and battery operated, it can be used anywhere, anytime.
- soundless operation enables discreet use.
- 360° operation: the unique design allows to use it in any position, even when lying down in bed, making it more comfortable for children.
- simple one-button operation.
- unique mesh technology makes it more efficient and more comfortable to use than traditional nebulisers.

Supplied with unit cover, medication container, mesh cap, mask adapter, mouthpiece, adult mask, child mask, soft pouch, 2xAA batteries, quick guide and multilingual manual GB, FR, IT, ES, DE, NL, TR, RU, Arabic.
