

COMFYMASK FFP2 FILTERING MASKS - WITH EARLOOPS

CEPM EUROPEAN CONSORTIUM OF MASK PRODUCERS

CEPM is a constantly evolving consortium of more than 25 leading Italian and European companies committed to producing CE marked masks, with technologies and facilities located throughout Europe. They guarantee production of hundreds of millions of FFP2 and surgical masks per year. CEPM is the response to the market need linked to the health emergency caused by COVID-19, ensuring a continuous and constant control of standards imposed by the Health Authority with regard to:

- product analysis with accredited laboratories;
- certified production system guaranteed with CE mark;
- CEPM Scientific Technical Committee.

COMFYMASK AND COMFYMASK FIT with earloops

GIMA offers 2 lines of FFP2 masks entirely made of high quality Italian materials.

Comfymask ensure optimal comfort throughout the day thanks to the soft material. Its design allows greater facial movement and adaptability to the face, without tighten nose and ears.

Comfymask Fit is a stylish line with ergonomic design, that allows excellent fit, adapting perfectly to face shape.

Both lines are available in a wide range of trendy colours. FFP2 filtering mask provides an adequate protection of the respiratory tract against particulates (dust, fumes, mists and microorganisms), non-toxic liquid and solid aerosols. Filter efficiency is >94%, according to EN149.

Five layers:

- outer coating: non-woven fabric
- Hot Air Cotton: artificial thermal insulation
- 2 meltblown layers: provide high filtration performance
- inner coating: non-woven fabric suitable for skin contact, according to ISO10993

Provided with elastic stretch fabric and adjustable nose clip made of steel.

Individually packed in transparent pouch:

All masks are individually packed with 4 language instructions (GB, FR, IT, ES) printed on envelope.
