IMPERMEABLE, ABSORBENT, ANTI-SLIP MAT FOR FLOORS

IMPERMEABLE ANTI-SLIP ABSORBENT BLUE COLOUR MAT FOR FLOORS

Pre-cut or roll mats to be positioned on the floor of the operating room or near the sink in the pre-operating theatre for holding liquids that could fall on the floor. Mats have high absorbent capacity and optimal speed absorbency. The mats distribute the absorbed liquid by capillary method and maintain it at his internal structure avoiding the lifts on

25166 + 25169

25169

surface. The special film at rear side blocks the mat on the floor and keeps it stopped without using adhesive matters, which could release glue traces on the floor. They are perfectly adherent to the ground, avoiding risk of accidents.

Absorbent rolls

They have 3 different absorbences. Can be cut at desired size.

Trolley for rolls

Made of stainless steel with 4 pivoting wheels (2 with brake). Turning base, for rolls with height up to 1 m.
