DICHIARAZIONE NON DISPOSITIVO MEDICO

DECLARATION NOT MEDICAL DEVICE

I seguenti prodotti non sono classificati come dispositivi medici, pertanto non è richiesta la Dichiarazione di Conformità ai sensi del Regolamento (UE) 2017/745.

Following products are not classified as medical devices, therefore Declaration of Conformity as per Regulation (EU) 2017/745 is not required.

Descrizione prodotto <i>Product description</i>	Riferimento # \ CODICE PRODOTTO <i>Reference # \PRODUCT CODE</i>	Destinazione d'uso <i>Intended use</i>
33175 blue pencils	DP-002	1. Surgery and medical treatment - In plastic surgery or cosmetic procedures, surgeons use the dermographic pencil to outline the areas where incisions or changes will be made, for precise visual guidance. - For dermatology, it is used to mark skin lesions, moles, or other anomalies before proceeding with biopsy or other treatments. 2. Radiology and diagnostic imaging - In some radiological examinations, the dermographic pencil is used to draw reference points on the patient's skin, useful for aligning medical equipment. 3. Scar Management or Tattoo Removal Treatment - It can be used to highlight the areas that are being worked on during the removal of scars or tattoos
33176 white pencils	DP-001	white pencil ideal for highlighting and delimiting the areas of the body to be treated with pulsed light or laser, suitable for use to cover spots or blemishes before applying the laser
